INTERVIEW SUMMARY

This paper follows a Notice of Allowance mailed February 27, 2004. In accordance with Applicants' responsibility under M.P.E.P. § 713.04 to make the substance of an Examiner Interview of record in the application, the following comments are submitted. Entry of this paper into the record is requested.

An Examiner's Interview was conducted on January 29, 2004 via telephone between Sean B. Mahoney and Examiner John Chu, following the mailing of an Advisory Action on January 15, 2004.

The Examiner's Interview Summary (Form PTOL-413 and Continuation Sheet) mailed with the Notice of Allowance is a complete and accurate summary of the substance of the interview. The obviousness-type double patenting rejection of claims 53-61 in view of certain claims of copending application 09/933,884 was discussed. Applicants pointed out that since all pending claims of application 09/933,884 were cancelled by an Amendment Accompanying a Request for Continued Examination submitted November 21, 2003, the double patenting rejection was moot. Agreement was reached regarding claims 53-61 of the present application.
